Employers See Three Definite Gains From Industrial Parley

WASHINGTON, Oct. 23.—The employers' group, which met today with the public delegates, saw three definite gains from the industrial parley.

First, it has been decided that the public delegates will remain to complete the purpose of the body.

Second, it has been decided that the public delegates will carry out the original plan, minus the labor and employers groups.

Third, it has been decided that the public delegates will be "dismissed" by the employers' group.
